## H. L. Minert Auto Co.

Lincoln Way and Duff Ave. . . . . Ames, Iowa

# NORTHWESTERN BELL TELEPHONE COMPANY

GENERAL OFFICES, TENTH & GRAND, DES MOINES, IOWA

R. J. Hopley, District Manager, Des Moines, Iowa

A. E. Little, Manager

Call **"Repair Service"** if your telephone is out of order.

Call **"Chief Operator"** to inquire about a call in the process of completion.

Call **"Manager's Office"** for all business transactions such as applications for service, changes in service, directory listings, directory advertising, inquiries regarding bills or charges, or to report unsatisfactory service of any kind.

## HOW TO USE THE TELEPHONE

Always obtain the correct telephone number from the directory before you make a call.

If the person you wish to speak to is not listed in the directory, call "Information."

Speak slowly, clearly and directly into the telephone, with your lips about one inch from the mouthpiece, so that you will not be misunderstood.

To recall the operator on a connection, move the receiver hook up and down slowly three or four times.

Do not hang up the receiver until you are through with the connection, as this gives the operator a signal to disconnect you.

When your telephone is not in use, always keep the receiver on the hook; otherwise your line will be out of order.

Answer your calls promptly. Failure to do so keeps the calling party waiting and may result in the loss of a message.

In answering a call, say for example, "Mr. Jones speaking" or "Smith & Co., Jones speaking." This method of answering identifies you and saves time. It is desirable to answer calls in this manner both from business and residence telephones.

Because telephone numbers are subject to change, it is desirable merely to indicate on printed matter, signs, etc., that you have Bell telephone connection instead of using the number.

## LONG DISTANCE SERVICE

To make a long distance call, ask the operator for "Long Distance." When "Long Distance" answers, give her your name and telephone number and the details of the call, including the number of the desired telephone, if you know it. "Long Distance" will acknowledge your call and if the distant town can be reached promptly you will be asked to hold the line. If not, you will be informed that you will be called by the operator. Then hang up the receiver.

Different rates apply for the different classes of long distance calls. Information regarding the various classes and how each class can be used to the best advantage follows:

**A Station-to-Station Call** should be made when you wish to talk to anyone answering the telephone called, or when you feel that the person with whom you wish to talk can be promptly summoned to the telephone by the person answering. An example of the proper way to place a station-to-station call is, to say to the operator, "I want to talk to anyone at John Smith's telephone at Redmond, Iowa." (Give the telephone number, if known, or the street address.)

Rates for station-to-station calls are lower than for the other classes of long distance service because less operator's labor and less use of the long distance lines and equipment are required to complete them.

**Evening Rates** apply on station-to-station calls from 7:00 to 8:30 P. M. during which time the charges are about 25% less than the day station-to-station rate. This reduction applies only when the day rate is 40c or more. The minimum reduced rate is 35c.

**Night Rates** are in effect on station-to-station calls from 8:30 P. M. to 4:30 A. M. during which time the charges are about one-half the day station-to-station rate. This reduction applies only when the day rate is 40c or more. The minimum reduced rate is 35c.

**A Person-to-Person Call** should be made when you wish to talk with a specified person. An example of the proper way to place a person-to-person call is to say to the operator, "I want to talk with John Smith at Redmond, Iowa." (Give telephone number if known, or the street address.) The rate for this class of service is somewhat higher than for station-to-station calls. It requires more operator's labor and a

greater use of the long distance lines and equipment to locate a specified person and summon him to the telephone.

**An Appointment Call** is made when you arrange to talk with a specified person at a designated time. The rate for this class of service is about one-fifth higher than for a person-to-person call because of the additional work on the part of operators and use of long distance lines and equipment required to make an appointment with the called person first and then have him on the line to talk at the specified time.

**Messenger Calls**—When it is necessary to send a messenger to summon the person called to a telephone, it is a messenger call. The rate for this class of call is about one-fifth higher than for a person-to-person call plus the messenger charges because of the additional operator's labor and use of long distance lines and equipment required to complete a call of this kind.

**Reversal of Charges**—Charges may be reversed on all classes of long distance calls at any time without extra cost except station-to-station calls on which the rate is 20c or less, which take a slightly higher rate when sent collect.

**Report Charge**—A report charge is made on uncompleted person-to-person messenger and appointment calls when failure to establish the connection is due to no fault of the telephone company. A report charge is also made on reversed station-to-station calls when the party answering at the called telephone refuses to accept the charge and as a result the call is not completed.

The report charge is about one-fourth of the station-to-station day rate. This charge is made to cover a part of the expense of the operators' time and the use of long distance lines and equipment in an effort to complete the call.

To obtain rates to any place, call "Long Distance." If you want to know the charges on a call at the close of your conversation, notify the long distance operator when you place the call.

Our Manager is anxious to give further information regarding our long distance service. Please feel free to call upon him.

## Directories

No change in listings will be made or new listings inserted in the next issue of the directory, unless the necessary work of making the change or installation involved is completed before the directory form closes for the printers. Therefore, all orders for changes or new listings must be placed with the company on or before April 20th. Orders received on or before the above date can usually be completed in time for the next issue of the directory, but it is desirable that orders for changes be received as much in advance of this date as is possible.

## Identification of Employees

Employees who are authorized to install, examine, change, or remove any of the Company's equipment at subscriber's premises are furnished with identification cards, which show the Company's name, the personal signature and description of the employee, and are countersigned by an official of the Company. Subscribers are earnestly requested to refuse access to their premises to persons unable to furnish proper identification.

## Rules and Regulations Governing Service Furnished by the Northwestern Bell Telephone Company

The following are the Rules and Regulations governing Subscribers' telephone service furnished by the Northwestern Bell Telephone Company.

### Use of Equipment by Subscriber

All telephone equipment furnished to subscribers shall be used only by the subscriber or members of his family, his guests or persons residing with him as members of his household, or by his agent or employees when engaged in his business; and shall not be used in any manner in competition with the business conducted by the Company. The equipment shall not be removed from the subscriber's premises except by an authorized employee of the Company, and shall be surrendered to the Company upon the termination of the subscriber's contract.

### Connecting With Other Equipment and Appliances

The equipment furnished by the Telephone Company shall not be connected with any other equipment and no instrument or appliance shall be connected to it. Telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The various devices which are offered for sale, and which are supposed to improve transmission, eliminate noise, destroy germs, or afford other improvements, are not only unnecessary, but generally cause trouble. In order to protect its service the Telephone Company will remove all such appliances.

### Right of Access to Premises

At all reasonable times the Company, through its authorized employees, shall have the right of access to the premises of the subscriber to install, inspect or repair the lines or equipment, or to remove them upon termination of the subscriber's right of use.

### Allowance for Failure of Service

The Company does not guarantee uninterrupted working of its lines or equipment. For any complete failure of service, however, of more than twenty-four (24) hours' duration, of which the Company is promptly notified in writing, a pro rata abatement of the contract charge will be made.

### Errors in Directories

The Telephone Company issues directories to assist it in furnishing prompt and convenient service, and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors and omissions, but they will occur, and the Company assumes no liability for damages caused to a subscriber by such errors or omissions in its directories. Claims for damages on account of interrup-

tion to service due to errors or omissions in directory listings will be limited to a pro rata abatement of the charge for service in accordance with the portion of the subscriber's service affected; and in no event shall such damages exceed in amount one-half the regular rental of the subscriber for the period of time from the issuance of the directory in which such mistake occurred to the date when there is published a new directory containing the proper listing of the subscriber's name.

### Ownership of Directories

Telephone directories furnished subscribers are and remain the property of the Telephone Company and shall be surrendered upon deliverance of each later issue. No binder, holder, or auxiliary cover, except such as may be supplied by the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

### Change of Numbers

The Company reserves the right to change the subscriber's telephone number or designation at any time.

### Charges for Moves

The subscriber will be required to pay the Company's customary charges for any change in the location of his telephone equipment made at his request.

### Advance Payments

The Company may at any time demand payment for service in advance of the establishment thereof.

### Outgoing and Incoming Service Privileges

The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of the calling subscriber to such service.

### Default of Payment or Other Breach of Contract

All bills are due when rendered, and are payable at the Company's business office. Failure to receive a bill, however, will not exempt the subscriber from prompt payment as required by his contract. In the event of any default of payment, or other breach of the terms of its service contract, the Company reserves the right to at once discontinue the subscriber's service or disconnect and remove its telephone equipment.

## OUR COMPANY POLICY

This Company's success depends upon operating along lines that meet with public approval.

We endeavor to furnish dependable telephone service at the lowest rates at which such service can be furnished and yet pay good wages to our employees

and a reasonable return to our investors.

We want the public to know what we are doing at all times and why we are doing it, because only in that way can we expect to win and hold public confidence and good will.

## Happy Employees Serve You Best

Happy telephone employees are not only more efficient, but are more likely to remain in the industry making it their life work. This helps to keep down the cost of training new employees and to maintain a well-trained, experienced organization to serve you.

In order to keep employees happy and efficient in their work, this Company's policy is to pay reasonable wages and provide agreeable working conditions.

Fair treatment of employees goes far in providing you reliable telephone service at reasonable charges.

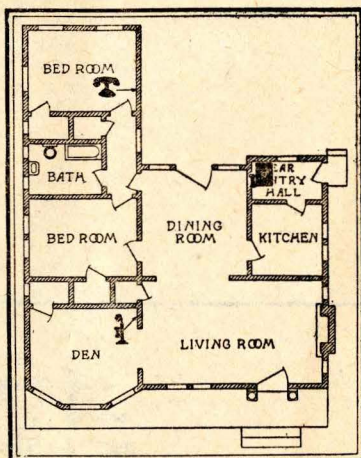

**A** TELEPHONE in your hand is worth more than a telephone out of your reach. There's a difference in time, in steps, in energy, in convenience.

Within your home—where you want everything to be convenient—it is easily possible to have a telephone close at hand at any time, day or night. This will make telephone service worth more to you. The cost of an extension telephone connected with your present telephone line is low, only three or four cents a day.

The accompanying floor plan shows a convenient arrangement of telephones in one type of home. Plans for location of telephones in other homes are available at our Business Office. We shall be glad to assist you in arranging the most convenient service for your home.

**T**HE floor plan above shows a triangular arrangement of telephones for a one story residence. One telephone is located in the rear entry hall of the kitchen, another is in the owner's bedroom and the other is in the den at the front of the house. The telephone near the kitchen permits privacy in the conduct of household affairs.

# CLASSIFIED TELEPHONE DIRECTORY

Ames

NORTHWESTERN BELL TELEPHONE COMPANY  
DIRECTORY DEPARTMENT

512 Fifth Street

Ames, Iowa

**T**HE Classified Telephone Directory is arranged to serve as a complete business telephone number service and a catalog of buying information.

The next page will explain how it can be used to meet your buying needs and assist in making your purchases by telephone.

## *It's easy to find* **"Where to buy it"**

### **To find the telephone number of a business concern you have in mind —**

*First*, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

*Then*, locate the desired concern and telephone number by examining the listings under the heading.

### **To find where to buy the article or service you want —**

*First*, locate the heading indexed by the name of the article or service you wish.

*Then*, select from the listings the dealer with whom you wish to do business

Under these headings also may be found sub-headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

Trademark or brand names will be found as Main Headings in their proper alphabetical order according to the trademark or brand name.

If further information is desired please communicate either by telephone or letter with the Business Office, 512 Fifth Street, Ames, Telephone 40.

OVER TEN-CENT STORE

A cheerful "goodbye" at the end of your telephone conversation lets folks know that you are through talking. If this is not done they may remain on the line after you have hung up. Or they may feel that they have been cut off too abruptly.

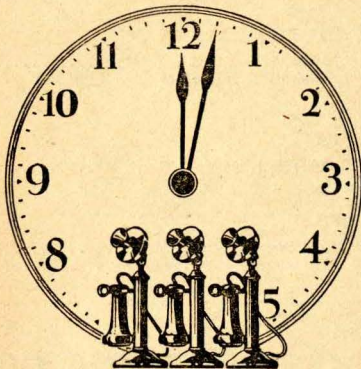

"We'll miss you, Daddy!"

"You tell Mother to call me by 'long distance' in the evening now and then and both you and I will keep from being lonesome. Just tell her to call our home number and reverse the charges."

You can reverse the charges on station-to-station calls (the lowest priced class of long distance service) when the rate is 25 cents or more. Charges of any amount for all other classes of calls, also, may be reversed.

NORTHWESTERN BELL  
TELEPHONE COMPANY

# Three Telephones *every two minutes*

In 1876 there were two telephones in the world.

Today there are more than 18,800,000 in the United States alone.

Every two minutes of the day and night, according to the latest figures, three new telephones are placed in service in the United States. Nearly everyone has a telephone these days and the service constantly is becoming more useful.

As more telephones are added, telephone service becomes more valuable as you can call an ever widening circle of friends and business associates.

## The Ames Chamber of Commerce

SHELDON-MUNN HOTEL  
BUILDING

Phone 63

The Chamber of Commerce is not a legally established part of the city government, yet every live city has one. That is because every live city has unselfish, progressive and ambitious people in it. They just can't help observing that there are many things to be done which it is nobody's business to do. They want their city to grow, to have a well-balanced community life and to have it lay hold of whatever opportunities it has and develop them.

Once established, the Chamber of Commerce assumes to concern itself with whatever will promote the health, happiness, prosperity and development of the community. Too many people take it as a matter of course, like the sunshine and weather, completely overlooking its origin and its purpose. They accept its good offices and acknowledge its importance but feel no responsibility for its support or its success.

In traveling through the country and the towns along the way it is generally easy to discern which communities maintain live organizations for community service. The very appearance of things proclaims to the world that the people who live there "care." And who wants to pitch his tent in a place where the people don't care? It is those who care who get together and work together for the common good.

The spirit of the community counts for more than its material resources as an inducement to good people to come and make it their home. Ames has much to commend it along this line. Among the cities of its class it compares very favorably. The Chamber of Commerce wants it to get more and more of the spirit that invites more and more good people to come and live in it. It wants every one of its citizens to feel that it is the very best city in the world and be able to prove it against every challenge.

CO-OPERATION WITH THE CHAMBER OF COMMERCE IS THE BEST WAY OF SHOWING YOUR FAITH IN AND LOYALTY TO THE CITY YOU CALL HOME.

## Whatever the Emergency Telephone Service Must Not Fail

Long before the flood waters recede, the telephone men hasten to repair the crippled wires.

Regardless of their personal safety they may need to cross the swollen stream in order that the telephone will respond to your command.

Mile after mile of telephone poles and wires may be torn down by sleet storms.

Tornadoes may snap off poles like so many matches.

But whatever the emergency, hardy telephone men get on the job without delay.

When your telephone is out of order you can rest assured that somewhere telephone men are at work bending every effort in order that service may be restored at the earliest possible moment.

*Do you neglect friends  
 for lack of writing time?*

Morning's work half done . . .  
 children off to school . . . baby  
 bathed . . . kitchen cleaned . . . a  
 minute off to write Mae an over-due  
 letter . . . seems I never get it done  
 . . . Where's my pen? . . . there's  
 the door bell . . . who's there? . . .  
 the ice man . . . well, what's the use  
 . . . I'll write tomorrow.

Woman's work is never done . . .  
 friends are neglected for lack of  
 writing time. But this need not be  
 so, for before you've blotted the sal-  
 utation you can be chatting by Long  
 Distance telephone with friends any-  
 where.

Women nowadays are keeping in  
 touch with distant friends and rela-  
 tives by telephone just as with friends  
 in town. It's a great tonic. Try it.

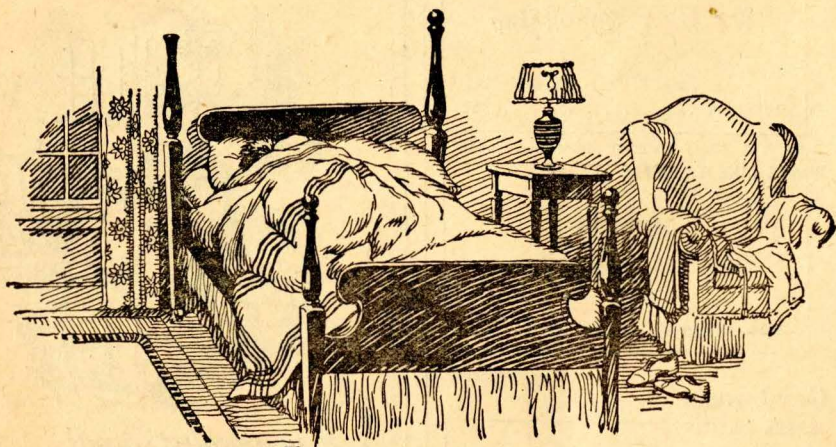

The charges for long distance serv-  
 ice are surprisingly low, especially  
 when you will talk with anyone  
 available at the telephone called.

# When *An Important Call* Comes for You at Night

How convenient it would be if you had an extension telephone near at hand where you could answer those night calls.

No more groping in the dark for the light switch—no more racing down the stairs and then a long climb back.

An extension brings the calls to you for a few cents a day. Just call our Business Office and have one installed.
